

Land Ops Dual Base Op

Broadwell Lake Base

Bravo Team

Thank you for joining this Land Ops event at Broadwell Lake. This trip update includes important information so that you can arrive at the Base Camp without getting lost (hopefully!).

The Base Camp and Net Control will be located near the Old Dominion Mine, which is west of the mid-section of Broadwell Dry Lake. The road to Broadwell Op Area is in Ludlow, CA, which is about an hour east of Barstow off Interstate 40. There are two fuel stations in Ludlow, and it is important to top off your fuel in Ludlow. There are several waypoints to help you arrive at Base Camp as follows:

Ludlow, CA Exit	34.724754,-116.163104
Broadwell Lake Start-Crucero Rd	34.727064,-116.163061
Bear Left (Lower Broadwell	34.809751,-116.173339
Camp Turnoff	34.857799,-116.200998
Primary Base Camp Location	34.856874,-116.214457

If you do not come up Friday, please plan on arrival by 10:00am Saturday so that we can have adequate time for an orientation meeting. The camp is approximately 4 hours driving time from South Orange County for reference.

Broadwell Lake is a primitive area, so you will want to be sure to bring plenty of water as well as the usual primitive camping supplies. There are no facilities at the base camp. Be sure to bring a handheld gps for finding the caches and your ham radio if you are licensed, and if not, bring an FRS radio. Net Control will be monitoring 145.555 simplex and the Big Bear Repeater 147.330+ with PL 131.8. Net Control will also monitor FRS Channel 1 (no privacy tone).

Confirmed Operators for Broadwell Operation Area:

Jim Biram
Rick Bean
Roy Genger
Patrick Nelson
Scott Tokar
Clinton Degue
Stan Jefferson
James Shamplo
